

PUBLIC NOTIFICATION

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER **Monitoring Requirements Not Met for Hidden Lake Subdivision Water System**

Our community water system violated a drinking water requirement. Even though this was not an emergency, as our customers, you have the right to know what happened, what you should do, and what we are doing to correct this situation. *We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the compliance period of 12/01/2024 to 12/31/2024, we did not complete all monitoring or testing for Total Coliform and therefore cannot be sure of the quality of your drinking water during that time.*

What should I do?

*There is nothing you need to do at this time.

What is being done? Our water system monitored microbiological contaminants on 8 January 2025 with satisfactory results thus bringing our water system back into compliance.

For more information, please contact Carol Ayers, Town of Homer at 706-677-3510 or cayers@townofhomerga.com

**Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by Hidden Lake Subdivision.

State Water System ID#: GA0110029

Date Distributed: 5 February 2025
